CONGRESSIONAL.

SENATE, June 2.—The session today was occupied until adjournment in consideration of the Northern Pacific Land Forfeiture bill. House.—Discussion of the Oleomargarine bill was concluded in Committee of the Whole. An amendment was agreed to, striking out the clause which provides that half of the fines and penalties imposed by the act shall go to informers. The committee then rose and reported the bill to the House with the understanding that a vote should be taken on the 2d, and the House adjourned.

SENATE, June 3.—The bill indemnifying the Chinese for losses sustained in the Rock Springs (Wyoming) riot was taken up, and after a somewhat lengthy debate was passed.

HOUSE.—The House resumed consideration of the Oleomargarine bill. An amendment by Mr. Hatch, of Missouri, was agreed to, fixing the tax at five cents a pound. Several other amendments were offered and rejected, and the bill was then passed—yeas 177, nays 101. The bill as passed contains the following features: Butter is defined to be a food product made exclusively from milk or cream, or both, with or without common salt, and with or without additional coloring matter. Oleomargarine is defined as "all substances made of oleomargarine, oleomargarine oil, buttermilk, lardine, suet and neutral oil mixtures and compounds of oleomargarine, oleo, oleomargarine oil, buttermilk, lardine, suet and neutral oil and extracts and tallow extracts, and all mixtures and compounds of tallow, beef fat, suet, lard oil, vegetable oil, annatto and other coloring matter, intended to be sold as butter or to be used in place of butter." It provides for the imposition of special taxes as follows: On manufacturers, \$200; on wholesale dealers, \$50; on retail dealers, \$25. The existing internal revenue laws, so far as applicable, are made to apply to these special taxes. Penalties are imposed on any person who shall deal in oleomargarine without paying the special tax. Provision is made for the proper stamping and labeling of every package of oleomargarine. A tax of five cents a pound is imposed on all oleomargarine manufactured and sold, and a penalty is prescribed for the purchase or reception for sale of oleomargarine not branded or stamped according to law.

SENATE, June 4.—After routine business the Senate took under consideration the bill, which was discussed during the remainder of the session.

HOUSE.—Among the bills introduced and referred was one by Mr. Boutwell, of Maine, relating to the duties on fish. It repeals and strikes from the free list the paragraph providing for the free importation of fish fresh for immediate consumption, "fish sounds or fish bladders, fish tongues, and sounds, lake sounds, fish scales, and fish or other shell fish." The House went into Committee of the Whole on the bill, and soon after adjourned.

SENATE, June 5.—The resolution of Mr. Ingalls was laid before the Senate, calling on the Secretary of the Interior for information as to the authority for the issuance of the recent order of the Commissioner of the General Land Office suspending the receipt of applications for public lands under the pre-emption, timber culture and desert land laws. After a warm discussion, in which Messrs. Ingalls and Cockrell were the principal participants, the resolution was agreed to. The Oleomargarine bill being brought from the House, the question of its reference was postponed to await the return of Mr. Miller, chairman of the Committee on Agriculture, who is not expected to be present for a few days. After passing 230 private pension bills the Senate adjourned.

HOUSE.—The Senate bill for the creation of a public building at Kansasville, O., was passed with an amendment reducing the appropriation from \$150,000 to \$100,000. The Pacific Railroad Extension bill was then taken up, and after a warm discussion, in which Messrs. Ingalls and Cockrell were the principal participants, the resolution was agreed to. The Oleomargarine bill being brought from the House, the question of its reference was postponed to await the return of Mr. Miller, chairman of the Committee on Agriculture, who is not expected to be present for a few days. After passing 230 private pension bills the Senate adjourned.

A fire at Scottsdale, Pa., on the night of the 4th destroyed eight business houses. A number of other buildings were torn down to stop the progress of the flames. Total loss about \$30,000, with light insurance. The fire was caused by the explosion of a lamp in the hands of a little girl, who is missing, and it is believed she has perished in the flames.

Young John G. Gordon and five other young men were sailing on the Merrimack river at Lowell, Mass., on the 6th the boat was upset. All escaped save Gordon, who did not come to the surface. While parties were searching for the body Alfred Montferrand, aged fourteen, fell from a sailboat and was drowned.

The works of the Pennsylvania Bolt and Nut Company, at Lebanon, Pa., the largest of their kind in the country, were destroyed by fire on the 6th. Four large brick buildings with their contents were burned, entailing a loss of \$150,000; fully covered by insurance.

WEST AND SOUTH.

A large number of prominent Knights of Labor at Milwaukee, Wis., have been arrested in pursuance of indictments found by the grand jury having under consideration the recent labor riots in that city. Of these, two are charged with rioting and the others are held for conspiracy, the offense being boycotting. The entire district executive board is included in the arrests. Bail was fixed at \$5,000 for the rioters and \$1,000 for the conspirators. All secured bail.

General S. H. Hurst, the Ohio Dairy and Food Commissioner, has appointed Henry Talcott, of Ashtabula County, as assistant for Northern Ohio.

Marchand's Opera House at Alliance, O., a four-story brick structure eighty feet square, fell with a crash on the 3d, and is a mass of ruins. About a dozen people were in the building at the time, but no one was killed. Loss about \$30,000.

The large freight house of the Vandalia railroad in East St. Louis, Ill., was burned on the night of the 2d. One of the special officers of the road, who gave testimony before the Congressional committee regarding the strike, was fired at twice as he was entering the building to save property, but was unharmed. Loss \$75,000. The origin of the fire is a mystery.

Samuel Wallace, candidate for auditor of Owen County, Ind., is reported short in his accounts as auditor of the Exchange Bank of Spencer to the amount of \$30,000. The bank has brought suit to recover.

John Stevens, a mulatto, was arrested near Muskogee, I. T., on the 3d charged with the murder of the Pyle family in Cherokee Nation a few days ago. The evidence against him was conclusive and he was committed for trial.

A dispatch from Louisiana, Mo., says gold has been discovered within one mile of that city on a tract of land belonging to Samuel Kirks. A sample of the ore was sent to the assay office at Denver, Col., and a certificate has been returned showing it valued at \$8 per ton—gold \$7, silver \$1.

At Boonville, Ind., on the 4th John R. Gentry and Dr. Agee engaged in a political discussion, resulting in a quarrel, during which Gentry cut Agee's throat. The latter died in five minutes. Gentry was a Democrat and Agee a Republican. The murdered man was brother of the Lieutenant Governor of Nebraska.

The Van Wert (O.) National Bank received on the 3d, by United States Express from the Union National Bank of Cincinnati, a package purporting to contain \$10,000, but when opened was found to be filled with cotton, pasteboard and railroad advertising bills. The matter is being investigated by Superintendent Cone, of the United States Express. The evidence is conclusive that the package was tampered with while in transit by an employee of the company.

The fruit crop throughout Ohio is reported to be the largest in the history of the State. Cherries and strawberries are a drug on the market. The former were retailing on the streets of Cincinnati on the 5th at the rate of three quarts for five cents. Small fruits of all kinds are abundant. The wheat crop never looked better and promises an enormous yield.

A generous rainfall throughout the interior of Texas on the 4th broke the prevailing drought and averted a water famine.

The United States grand jury at Seattle,

W. T. has found indictments against ten leaders of the recent anti-Chinese riots in that city. In its report the grand jury alleges that convincing evidence has been laid before it of the existence throughout the country of a treasonable organization known as the "Red American International Workingman's Association," which is essentially anarchical in theory and practice. The main articles of its creed are arson, robbery and murder, and its proclaimed purpose is the overthrow of our Government and the erection upon its ruins of a so-called Socialistic commonwealth. The Pacific coast has been selected as the most favorable ground for the inauguration of the movement, and the Chinese question is made the pretext and cover for the treasonable operations of this band of Socialists.

J. G. Schupp's Planet roller mill, at Grand Island, Neb., was destroyed by fire on the 5th, together with an adjoining elevator. This was one of the finest mills in the State. A lengthy debate the Senate on the 7th referred the Oleomargarine bill to the Committee on Agriculture by a vote of 25 to 21. In the House on motion of Mr. Cobb, the bill was suspended and a bill repealing the pre-emption, timber culture and desert land acts passed—yeas 249, nays 60. Among the bills introduced was one by Mr. Miller, of Texas, appropriating \$500,000 annually for ten years to secure the benefits of a free common school education to children between the ages of nine and eighteen years. No money is to be paid to any State that does not maintain by its own funds free common schools in each school district for at least two months in every year. Mr. Taubert, of Kansas, introduced a resolution calling upon the Secretary of the Treasury for information as to whether appointments to U. S. classified service in his department have been made since January 1, 1886, when the appointments have not been certified for appointment by the Civil Service Commission. The Kansas Kill Bridge bill was passed unanimously.

TAKE
SIMMONS
LIVER REGULATORFor all Diseases of the
Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1838. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unaided by any other medicine, effect a speedy cure.

As Efficacious Remedy.—I can recommend an efficacious remedy for all diseases of the Liver, Headache and Dyspepsia, Simmons' Liver Regulator.—L. M. Hinton, M. D., Washington, D. C.

No loss of time, no interruption or stoppage of business, while taking the Regulator.

Children complaining of Colic, Headache, or Stomach, will expel the poison and protect them from attack.

If taken occasionally by patients exposed to Malaria, it will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons' Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid instead of weaken the digestive and assimilative powers of the system. L. M. Hinton, M. D., Washington, D. C.
